

TIMETRAK® ESS PORTAL & EMPLOYEE SELF SERVICE SOLUTIONS

Sophisticated Employee-Empowered Tools for Data Collection, Time Entry and Key Data Retrieval

Do It All, Right on Your Computer Screen -- from Nearly Anywhere

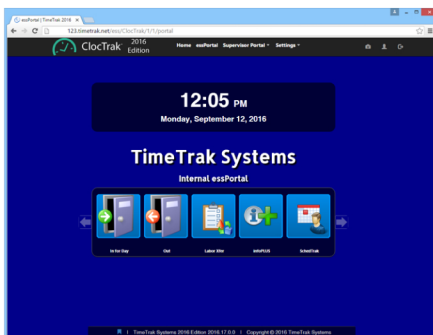

The ESS Portal option is the perfect solution for situations where hardware data collection systems cannot be cost-justified, or where hardware time clocks aren't suitable solution for your particular work environment. Any workstation or PC with a Web browser instantly becomes a high-tech time clock, and much more, with ClocTrak®, InfoPlus® and ScheTrak® -- whether by local area network across your building or by Internet around the world.

Allow Your Staff to Retrieve Their Own Information -- Saving Time & Effort

Much more than a PC time clock, the ESS Portals serve as Employee Information Kiosk, providing access to information without disturbing supervisors or your busy Payroll/HR staff.

Empower Employees to Submit or Sign Off Time Cards Online

Employees simply enter their ID number to gain access to their personal time card, schedule and hours information. Clicking the 'Signed Off' button becomes their electronic signature, acknowledging submitted labor hours as accurate.
